

ALL OR NOTHING: THE QUEST FOR DATA INTEGRATION PERFECTION

WESTERN ASSET RETHINKS I.T. BEFORE ROLLING OUT GLOBAL DATA REPOSITORY

BY CRAIG MCGUIRE

I.T. managers at more and more global institutional investors are finding out there's just so much they can do with what they have. Sure, everybody wants seamless enterprise-wide integration of data and applications. And sure they'd all like to minimize risk and maximize efficiency through a real-time, bird's-eye consolidated view of global operations. The question is, which firms are going to step up to the plate and commit the time and money to get it done.
