COMMITTS TO SERVICE BUREAU—
NIDS OUT FOR SECURITY APL*

NEW York City-based investment advisor Cramer Rosenthal McGlynn is live with Security APL Inc.'s Portvue portfolio management and accounting service bureau to support some \$1.8 billion in assets under management. The deployment marks the end of a 10-year incumbency at Cramer of National Investor Data Services Inc.'s NIDS/Port system. It also marks the start of strong commitment by the firm to outsource processing for portfolio accounting.
